Dear Members:

Welcome to Fall!

Hi, my name is Brett, and I am your new General Manager of L.S.I.O.T. I am looking forward to meeting you. My office phone: (806) 318-3930 email: gm@laketanglewood.org

Jeff Baker has stepped away from the General Manager position to spend time with family and Grand kid. Jeff worked for Lake Tanglewood for 23 years in different capacities and was instrumental in getting the back nine golf course and too many other amenities to list. We wish Jeff the best in all his endeavors.

The Maintenance Department's hours of operation are 7:30-3:30 Monday through Friday (622-3714). For weekend and after-hour emergencies please call the gate at 622-1701, and the gate guard will contact the maintenance employee on call.

Come join us at the Restaurant. The daily specials posted on Facebook and the Sunday brunch is from 8:30 to 12. **(BEST BREAKFAST IN TOWN – Saturday and Sunday mornings)**

HAPPY HALLOWEEN!

Sincerely,

Brett Pate

LSIOT, Inc. General Manager

Light Pollution is this concern in your neighborhood?

Do you have lights on at night that could be effecting your neighbors? Do you have timers that are going off after 9 p.m. that could be effecting your neighbors? Do you have outside lights that shine beyond your yard that could be effecting your neighbors? Do you have a part time property that you leave the lights on that could be effecting you neighbors?

We just ask that you be mindful of how any lighting at your home could be effecting you neighbors. If you question that concern yourself talk to your neighbors have that open line of communication.

Thank you,

LT LIONS CLUB

Lions will meet the first and third Thursday of every month 7:00 pm at the Community Center.

October 3rd & October 17th

The Hope and Healing Place. A place to help grieving family members heal after a loss of a loved one.

Robert Barnet Randall High School Lion Leo and Band Student accepts a donation for The Band Boosters.

This is the 15th of the month report on the LG Sonic equipment.

All units are operating. Three transmitters are being replaced as they are not transmitting data but the equipment overall is functioning correctly. We are going to let the units operate through the winter from now on. This will save wear and tear on removing and storing vital parts and even possibly continue to monitor algae growth as the seasons seem to be changing. A yearly service contract has been presented to us and we are deciding which option of 2, 3, or 4 yearly visits would benefit us the most.

If you could send this to Cheryl Adams, she will post it on the LT fb bulletin board. I think I talked to you or Sheila about this. If you wish to publish it on any other member media outlet please feel free. Just in case I got my wires crossed on this, (and my wires are old!), just let me know!

Thanks
Don't know what we would do without you two!
