Ray Kachel will be joining the staff as Interim General Manager on September 5th. His duties shall include oversight and coordination of the daily operations of LSIOT (office, maintenance, and restaurant), preparation of the 2016 budget and a job description for a permanent General Manager, and helping the Board interview and select his replacement. Ray will be under a 60-day contract, so we plan to have his successor in place before the end of October.

While Ray is taking over the responsibilities of the day-to-day business of the club, the Board will be removing itself from those tasks. This transition from “doing things the way they have always been done” to a more typical governance structure should position us well for the foreseeable future. The Board firmly believes the presence of a GM will bring a level of continuity to the club that is simply not possible with an annually changing board.

This is somewhat dated, but the restaurant showed a profit of \$4,900 for the month of July and only shows a loss of only \$9,200 year-to-date. If you will remember, 2014 showed a loss of \$150,000 for the year, or about a \$88,000 loss for the same year-to-date period. Thank you to everyone who supports Harbor Point and a big thank you to Val and all of the employees.

Remember, the Triathlon will be held on September 10th, so make you plans accordingly. Thanks to all of the members who work that event and/or contribute to it!

Please for safety sake: Refrain from driving around the lake the morning of SATURDAY, SEPT. 10th. As we have asked LT residents for the last 10 years, the Triathletes will be bicycling and running on Tanglewood Drive, North Shore and South Shore.

Tanglewood Drive & North Shore will be CLOSED due to the bicycle race. Plan not to drive between 9:30-NOON. Please no complaining because we warn you every year. This fundraiser is to help the Children’s Miracle Network.

Construction crews will be prevented from driving down Tanglewood Drive or North Shore 9:30-NOON.

Howdy from the Golf Association,

We've had some good rains since the last letter and the course is looking better than ever.

We had 9 teams play on both nights of the Night Light golf tournament. We had great weather both nights with the first hole in one made after dark by Justin Dees on #9. He won \$20 towards a down payment on a new car.

We also had the Club Championship on a beautiful morning, Aug.13th. The turnout was not as good as we wanted but we all had a good time. Kim Logan had a tough match with herself, but eventually came out on top as the only entrant in the Women's Flight. The 50 and over Women's Flight had Kim Judd and Cindy Acton fighting for the win with Kim Judd coming out the winner. There were 6 players in the 65 and older Men's Flight with Roger Wright winning. In the Presidents Flight Mike Shafer came out on top with 7 entrants in that flight. There were 4 of us in the Championship flight. It was a tight race with 3 of us tied for the lead going into #15. Scott White birdied #16 and went on to win by 2 strokes. Way to go Champions!

We plan on having our next Golf Association Meeting on Sunday Sept 25th 6:00p.m. at the Clubhouse. Be sure to bring your putter for the putting contest. There will also be a meal so please RSVP so we can plan on how much food to provide.

That's it for now. Hope to see you one the course.

Bee

Mac and Jimmy were playing their home course.

Mac putted out and walked back to the cart.

As Jimmy sank his putt, Mac suddenly jumped out of the cart and dropped his pants. He had just sat on a bee and got a nasty sting and desperately asked his partner to get the stinger out.

The scene of a man kneeling next to to his playing partner's bare rear end, was too much for the group playing behind the twosome.

The group raced up to the two golfers and asked a single question: "What was the bet?"

Tough Course

Mac invited his friend Jimmy to play at his new club.

Since Jimmy had never played the course before, Mac pointed out the trouble spots and where to aim on the first hole.

Jimmy teed up, addressed the ball, took a couple of waggles and took a vicious swing. He hit a foot behind the ball, tore up the teebox and totally missed the ball. Unphased he stepped back, took a couple practice swings and again addressed his ball.

This time his swing missed everything.

He stepped back from his ball again, looked at Mac and said, "Boy, this is really a tough course!"

A BIBLE STUDY

entrusted
A Study of 2 Timothy

BETH MOORE

LifeWay

We will be studying and new Beth Moore Bible Study, Entrusted, on 2 Timothy Tuesday evenings, beginning Tuesday, September 13 at 6:00 pm. We will meet in the parlor at the LT Community Church and we welcome and encourage ladies of Lake Tanglewood as well as guests to join us. 2 Timothy calls participants to be mighty servants of God turned loose on the globe in the name of Jesus. Beth encourages women to walk in faith as we guard what God has entrusted to us: the gospel and our spiritual gifts.

The first class we will have a guest speaker, Karen Keister, who is an amazing Bible teacher. She would like to visit with us about the blessings of Bible Studies and prayer, a great way to begin our new study! We will have the study books available to pass out that evening, \$13 each, and will begin our first lesson the following Tuesday. Our plan is to make sure we are finished by 8:00 at the latest for those who are working.

We will also have refreshments the first Tuesday we meet, so come share, learn, enjoy and be blessed by studying God's Word.

God bless, Lynda Gray, Teaching Leader

LAKE TANGLEWOOD LIBRARY

“Some stories stay with us forever.” — Harry Potter

FICTION

INSIDIOUS (*Catherine Coulter*) Savich and Sherlock must determine whether the wealthy, elderly grand dame of Washington, D.C. high society is really in danger of being murdered, or just delusional. Meanwhile, a serial killer is on the loose in Los Angeles, targeting young actresses and stealing their computers.

THREE SISTERS, THREE QUEENS (*Philippa Gregory*) When Katherine of Aragon is brought to England's Tudor court as a young bride, the oldest princess, Margaret, takes her measure. With one look, each knows the other for a rival, an ally, a pawn, destined, with Margaret's sister Mary, to a sisterhood unique in all the world. The three will become the queens of England, Scotland, and France.

IT (*Stephen King*) They were teenagers when they first stumbled upon the horror. Now, years later, it is calling them back to Derry, Maine—a force they cannot withstand, an evil without a name.

SWEET TOMORROWS (*Debbie Macomber*) Mark Taylor left Cedar Cove on a perilous mission to right a wrong from his past, and Rose Harbor innkeeper Jo Marie Rose is unsure if he's ever coming back. Meanwhile, Emily, a young teacher staying at the inn, is finally on the verge of a meaningful relationship. The inn seems to be working its magic again, until Jo Marie receives shocking news.

ROSES (*Leila Meacham*) Spanning the 20th century, the story of *Roses* takes place in a small East Texas town against the backdrop of the powerful timber and cotton industries, industries controlled by the scions of the town's founding families

GREAT RECKONING (*Louise Penny*) An intricate old map is found stuffed into the walls of the bistro in Three Pines. It will lead Armand Gamache, former Chief of Homicide for the Surete du Quebec, to places even he is afraid to go, eventually leading to a dead professor at the Surete Academy. And, with the body, a copy of the old, odd map.

NON-FICTION

HILLARY'S AMERICA (*Dinesh D'Souza*) A darkly entertaining deconstruction of Hillary Clinton's flawed character and ideology. The conservative analyst says that America's only hope is a resurgent Republican Party that can make America great again.

IN THE PRESIDENT'S SECRET SERVICE (*Ronald Kessler*) Draws on interviews about famous FBI cases to reveal the Bureau's inner workings and some of its most deeply held secrets. The FBI is involved in almost every aspect of American life. Kessler presents headline-making discoveries about the most important figures and events of our time.

HILLBILLY ELEGY (*J.D. Vance*) From a former marine and Yale Law School graduate, a powerful account of growing up in a poor Rust Belt town that offers a broader, probing look at the struggles of America's white working class.

AUDIO

CRISIS OF CHARACTER (*Gary Byrne*) Posted directly outside President Clinton's Oval Office, Former Secret Service officer Gary Byrne reveals what he observed of Hillary Clinton's character and the culture inside the White House while protecting the First Family.

MAKE ME (*Lee Child*) Mother's Rest is a tiny town in the middle of a thousand square miles of wheat, and it's where Jack Reacher encounters a worried investigator named Michelle Chang. The two are plunged into a desperate race through the country and through the hidden parts of the internet, up against thugs and assassins every step of the way.

REDEMPTION ROAD (*John Hart*) A boy with a gun waits for the man who killed his mother. A troubled detective confronts her past after a brutal shooting. After 13 years in prison, a good cop walks free. And deep in the forest, on the altar of an abandoned church, the unthinkable has just happened. This is a town on the brink. This is a road with no mercy.

THE SURVIVOR (*Vince Flynn*) When a former CIA golden boy steals a massive number of classified documents, the CIA director sends elite covert operative Mitch Rapp after him. Now, both the Pakistanis and the Americans are searching desperately for the man's accomplices and the documents they are slowly leaking to the world. (*The Mitch Rapp series continues under the guidance of Kyle Mills.*)

JUNIOR

BIG NATE ON A ROLL (*Lincoln Pierce*) Middle-schooler Nate Wright vies against his rival, the "perfect" Artur, to win the grand prize of a customized skateboard in their scout troop contest.

BIG NATE GOES FOR BROKE (*Lincoln Pierce*) Big Nate Wright is president of P.S. 38, the after-school cartooning club. As he doodles his observations in his cartoon notebook, he decides it's time to go from zeroes to heroes. Will Nate crack under the pressure of the "Ultimate Snowdown"? Or lead P.S. 38 to its biggest victory ever?

HARRY POTTER AND THE CURSED CHILD (*J.K. Rowling*) As an overworked employee of the Ministry of Magic, a husband, and a father, Harry Potter struggles with a past that refuses to stay where it belongs while his youngest son, Albus, finds the weight of the family legacy difficult to bear.

Village Notes

The weather, band, food and crowd were great. The result – a fantastically fun filled end of summer and before school tailgate party. The attendance at the party reflected the changing demographics of our village as our average age is dropping. No, we as individuals are not getting younger. More families are calling the lake home. It was great to see families enjoying the party.

The Village of Lake Tanglewood is unique in the Texas Panhandle. We are blessed to live in this beautiful small lake community with its variety of plants, animals and birds. It is truly an island paradise in a sea of flat brown landscape.

Being a small community we depend on volunteers to keep us going and to maintain our health as a village. The volunteer fire department, Lions Club, community church, Ambucs and library are just a few of the vital volunteer led organizations important to us as a community. Activities such as the Thanksgiving Dinner, July 4th picnic, Easter Egg Hunt, chili supper and TriAthlon would not be possible without volunteers.

Another important area that relies on volunteers are the two governing bodies in our village. Yes, two governing bodies. The village is a class A city in Texas and has an aldermanic form of government. That's right, we have a mayor and five aldermen who are elected to serve a two year term. The village board is responsible for the ordinances and law enforcement. Simply stated, many of the health, safety and welfare related issues common to other cities.

The other governing body is LSIOT, or our homeowners' association. They are responsible for maintaining many of the quality of life issues and infrastructure we depend on. The roads, restaurant, golf course, marina, water system and club rules and regulations all fall under LSIOT. The governing body of LSIOT is made up of seven elected members, including the president.

On the positive side, our community is blessed with a population of folks having a wealth of professional, business, academic, trades and leadership experience. On the negative side, very few of you share your experience through volunteer effort on our (and your) community governing bodies. During the next election cycles LSIOT will have two positions open for election and the village will have all positions open for election. The LSIOT election is in January (application due in October) and the village election is May (application due Jan-Feb).

If you see opportunities for us to improve as a community, run for office. If you are unhappy with the way things are going, run for office. Help us to grow and improve as a community by sharing your knowledge and experience as a member of either the village or LSIOT governing boards. The Village of Lake Tanglewood thrives on the backs of volunteers. Be a contributor. Volunteer.

George F. Moore
Mayor

Village of Lake Tanglewood Roofing Requirements (2016)

Permits are required for all roofing projects over 100 sq. ft. Residential roofing permits are \$50.00 with one inspection (min.) at \$125.00. (Note: new construction roofing will be included in the new home construction permit. A separate permit is not required).

Roof coverings of asphalt shingle, wood, slate, clay, cement, or asbestos cement tile shall not be installed without first removing all existing layers of roof coverings. An additional layer of those materials on top of an existing layer is not permitted: {see exceptions for complete and separate metal roofing systems in the 2015 International Residential Code}

Wood shakes and shingles shall only be used on solid sheathing.

Required Information on Building Permit Application for Roofing:

- Section I All homeowner's information.
- Section II All contractor's contact and insurance (bonding and liability) information.
- Section III State type of building (main dwelling, detached garage, shed, etc.) and type of roof material (asphalt shingle, wood, etc.). If this is the main dwelling, please indicate if there is an attached garage or any fuel-fired appliances.

Carbon Monoxide Alarms

Carbon Monoxide Alarms are required in dwellings that have attached garages or fuel-fired appliances. A minimum of one (1) CO alarm is required at each sleeping area, outside the bedroom(s). Example: a hallway common to one or more bedroom doorways is considered a sleeping area. It is possible to have a combination smoke and carbon monoxide alarm.

Approved alarms shall be installed in accordance with manufacturer's installation instructions or located on the wall at a height 42 to 90 inches above floor, avoiding locations near heating/cooling vents or areas which provide turbulent airflow, and minimum 36 inches away from openings to areas of high humidity. Avoid installing CO alarms in kitchens or above fuel-burning appliances.

In order to pass the roofing inspection, required CO alarm(s) must be installed.

The Building Committee recommends obtaining the services of a roofing contractor who is licensed with the City of Amarillo or with the City of Canyon. These contractors carry a \$20,000 bond and \$300,000 residential liability insurance.

TRI to Make A Difference -- Lake Tanglewood TRIathlon

September 10, 2016 10-noon

Eleven years ago, Judy & Barry Lynch started the LT TRIathlon as an endeavor to help the Children's Miracle Network with donations to help the BSA neonatal unit. Since the start of the LT TRIathlon, the funds raised have helped to provide grants for children and their families in need of travel to specialists, medications, outstanding medical bills, specialized medical equipment, and other healthcare needs. The goal of a million dollars has been accomplished this year.

We have over 100 LT volunteers who help provide a safe environment. The LT Lions Club members & their golf carts provide parking for the people who do not live at the lake and who must park outside of the lake area.

- We ask our community members to refrain from driving around the lake area between 10-noon. We reroute the traffic to ensure the safety of the competitors. **We do not allow cars in the areas of the bikers.**

The TRIathlon starts with the swimmers 400 meter event at 10:00 am. After each competitor finishes the swim competition, he begins his 10-mile bike ride down North Shore then up the hill to John's Way then the Claude Hwy, Tanglewood Rd, the Tanglewood Dr. to community center. After the bike competition, the athlete runs the 5K down S Shore and back to the community center. Awards presentation is around 11:30 am.

For the safety of the athletes, please avoid driving your car between 10-noon on Saturday, Sept. 10, 2016.

On Saturday, September 10th, the restaurant will not be open until 5 pm for dinner.
