Welcome to September. I hope everyone had a great summer at the lake!

We are in the process of buying and installing 5 new mooring buoys (tie up buoys) and all new safety buoys to improve lake safety and for the members to enjoy. The flood last year was pretty hard on all of the buoys and it was time to cycle them out.

The maintenance is currently treating for mosquitos and will continue as needed throughout the year to help control the population. As homeowners, you can also help by keeping grass mowed down, avoid over watering the lawn, and eliminating any standing water around the home; including cans, buckets, old tires, pots, plant saucers, etc. Also, companies like Panhandle Greenhouses and Pro-Chem offer several safe products that can be applied around the home to help control the mosquito population.

Come join us at the Restaurant. The daily specials are posted on Facebook and the Sunday brunch is from 8:30 to 12 weekly. (BEST BREAKFAST IN TOWN – Saturday and Sunday mornings)

“Please remember to pay attention to the speed limit on our streets; and be safe, courteous, and follow the rules while on the lake.”

Light Pollution is this concern in your neighborhood?

Do you have lights on at night that could be effecting your neighbors? Do you have timers that are going off after 9 p.m. that could be effecting your neighbors? Do you have outside lights that shine beyond your yard that could be effecting your neighbors? Do you have a part time property that you leave the lights on that could be effecting you neighbors?

We just ask that you be mindful of how any lighting at your home could be effecting you neighbors. If you question that concern yourself talk to your neighbors have that open line of communication.

Thank you,
